#### **CAR RIDER AREA:**

Parents who drop their children off in the morning, we need your help. The car line is backing up as a result of parents who are parking in the car rider lane and walking their students to the door. When the school staff member is present at the door/when the orange cone is visible, you can let your child out of the car at that time and staff will be helping to watch students as they enter. Please release the students at that time and make your way out of the car rider lane as soon as applicable. Thank you for your help with this process.
