

Early Childhood Blended program

Are you interested in preschool for your 3 or 4-year-old? Central 301 is currently enrolling resident students.

Our early childhood classrooms blend students with and without special education services. All students are screened through our child find process prior to starting.

Each program meets 5 days a week:

Three year olds meet 8:30-11:05

Four year olds meet 12:30-3:30

For more information, please visit the website:
